WORKTOP QUOTE REQUEST FORM

Please draw your worktop requirements below including all widths and lengths. These should include locations of hob, cooker, sink, tap holes and any other cut-outs including round pipework, corners, etc. Please mark clearly on the drawing the legends opposite for all polished edges, upstand and splashback. Where possible, please specify on the drawing where edges meet tall units or tall appliances. A care & maintenance/installation kit is included with every quote (excluding hardwood/laminate) to ensure correct care of worktops.
